

HDTV REPEATER

Introduction

The HDTV Repeater extends the length of any DVI or HDMI cable by regenerating the HDCP-compliant digital video signal before it outputs to the digital display or projector. It enables you to relocate your DVD player or satellite receiver to a safe, quiet and clutter-free environment and eliminate noise in your home theater or viewing environment.

Features

- Perfects digital video sent over long stretches of DVI or HDMI cables
- Extends Digital displays away from the HDTV source
- Maintains multiple high definition resolutions up to 1080p or 1920x1200 for computers.
- Allows you to customize the DVI or HDMI cable to 30 M (without DC power supply)
- Allows you to customize the DVI or HDMI cable to 50 M (with DC power supply)
- Supports DDWG standards for DVI and HDMI compliant monitors
- HDCP Compliant
- Installs in seconds

Technical Specifications

Model No.	DVI Repeater	HDMI Repeater
Input/Output connector	DVI-I 29 pin female (supports digital signals only)	HDMI Type A 19 pin
Amplifier Bandwidth	1.65GHz	1.65GHz
HDCP Function	HDCP Compliant	HDCP Compliant
Cable Length	Max 50 M (Output side Max 5M + Input side cable length)	Max 50 M (Output side Max 5M + Input side cable length)
Power Adapter	5VDC / 300mA	5VDC / 300mA
Enclosure	Metal	Metal
Dimension (mm)	66(W) x 67(D) x 24(H) mm	66(W) x 67(D) x 24(H) mm
Net Weight (g)	100g	90g
